A Note on Restaurant Reviews

We will not be publishing restaurant reviews in the newsletter itself. However, we will be publishing an addendum page for the area guide, which will be available for your review at the Information Desk and on the FiestaCon website. We will update this addendum page as reviews are received, on the same schedule as the newsletter.

This addendum page will include the same information as the area guide (business name, address, phone, hours open, cost, etc.) along with the text of the review and the reviewer. Please try to include this information in your review.

You can drop your reviews off in the Wind Flower Room at the newsdesk, 7a–9:30a or 2p–5p.
